# ABOUT IREM

We're an international institute for property and asset managers, providing complete knowledge to take on real estate management's most dynamic challenges. That means knowledge prepared for the day-to-day *and* the one-of-a-kind: from solving the latest tenant crisis to analyzing market conditions.

For 90 years, our members have made us the world's strongest voice for all things real estate management. Today, almost 20,000 leaders in commercial and residential management call this home for learning, certifications, and networking.

# BENEFITTING THE IREM-LA SCHOLARSHIP FUND

Bootcam 2024-  
Benefitting Over 75 members

The mission statement of The Scholarship Fund, "The Fund" is to enhance real estate careers and promote the Institute's "Industry Best Practices" through IREM-LA educational courses. The Fund reaches out to and assists those interested in pursuing an education in real estate management and achieving an IREM credential. In an effort to achieve this goal, the Fund was created and is made possible through generous contributions made by our members and benefactors.

The Fund Committee is made up of past IREM-LA Chapter presidents and officers. The Fund Committee members volunteer their time to raise monies and award scholarships on a fair and equitable basis. The Fund Committee designs programs tailored to minimize the financial costs associated with higher education, permitting the recipients to devote more time to pursuing their academic goals and advancing their leadership skills.

The criteria indicated are guidelines, and each application will be reviewed based on individual merit, financial need, and the availability of scholarship funds.
